ROUTE66MODELEXPO.COM

Theme: Ring of Fire Subjects of the Pacific Rim

Two special theme awards (Historical and Fictional) for outstanding subjects from Pacific Rim countries. Open to all catagories

Exhibition Format

Models will be displayed by modeler, not category. Additionally, modelers' names will be displayed with their works.
All attendees will be given a name tag to make connecting with your favorite builders even easier.

Higher Quality Evaluations: We believe that modelers should receive both positive and constructive feedback from our judges as a tool to help them achieve their personal goals in the hobby. For 2026, the fixed entry fee will include four evaluated entries per modeler. Limiting each entrants' evaluated entries will allow judges to focus on providing a better experience for attendees. Additionally, entrants are encouraged to showcase additional models in their display, providing attendees with a comprehensive overview of their work.

Three Award Tiers

- **GSB:** All evaluated entries will be eligible to earn a Gold, Silver, or Bronze Challenge coin, commensurate with the level of work presented.
- **Master Awards:** The traditional "Best of Awards" will recognize the most outstanding evaluated entries in their respective classes.
- **Special Awards:** These awards will recognize "Outstanding" builds that incorporate unique themes, regardless of whether they are evaluated or displayed.

Easy Online Registration Open April 1st
